PitchWind

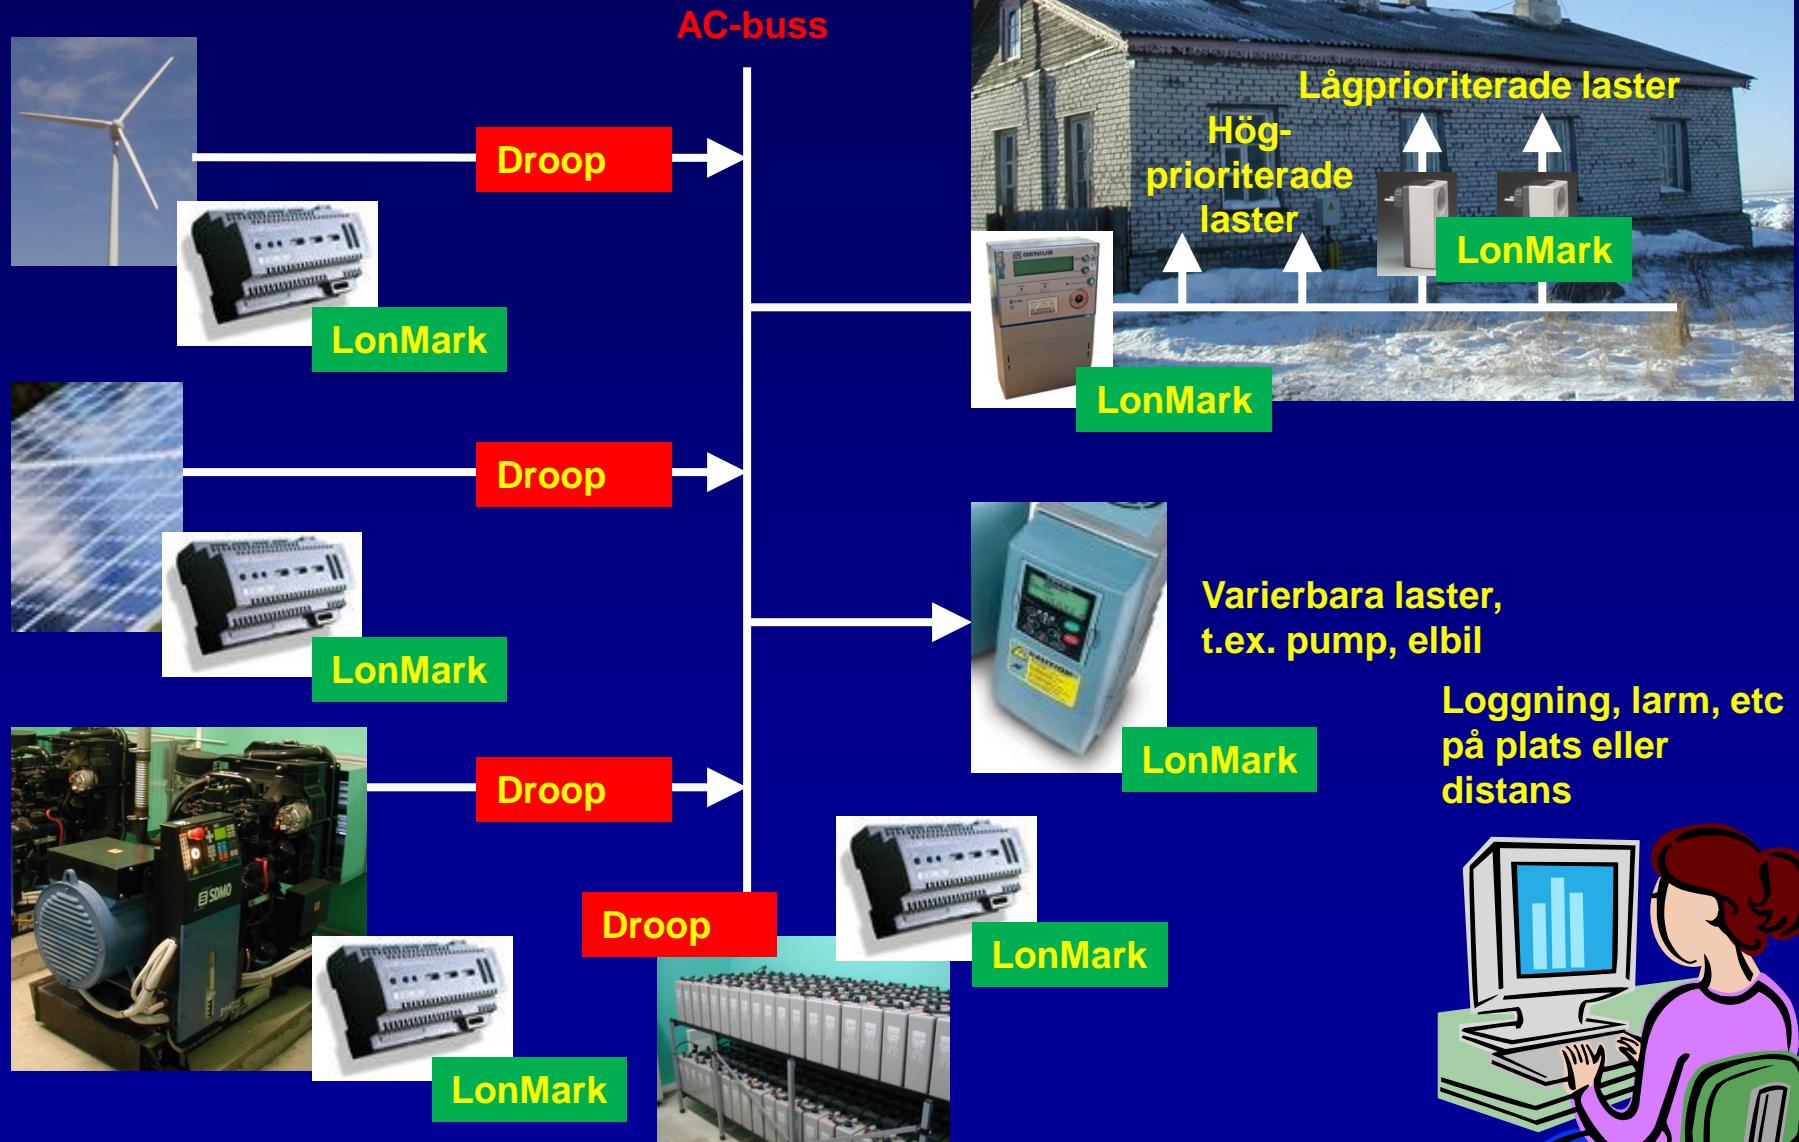

Floating Wind Turbine
Evaluation of Different Jacket Solutions
Quantifying Wind Turbine Imbalance

The cover of the magazine features a large, vertical photograph of a floating wind turbine at sea during sunset. The sun is low on the horizon, casting a golden glow over the water. A small boat is visible in the background. The title "WINDTECH INTERNATIONAL" is prominently displayed in large, bold letters across the center of the cover, with "WINDTECH" in black and "INTERNATIONAL" in red. Below the title, the publication information "April/May 2008", "Volume 4", and "No. 3" is provided.
